

Elopoli! (2017 Elios World Tour Event Part 2)

Event duration: 13/12/2017 (after maintenance) – 10/1/2018 (8:59 AM)

1. Eliopoli!

During the Eliopoli event, users will roll the Frost Hedgehog Cube. The dice shows a value between 1 and 6, you advance the corresponding number of spaces and then you receive a reward matching your target space.

You can top up the number of dice rolls with El Coins (70 El Coins per attempt), and you receive one free roll per day through daily login events.

- If you press the 'Eliopoli' button at the top of the interface during the event, the Eliopoli game board will appear as a pop-up.

- The START space is the starting point and also the finish point. You receive 1 coin if you land directly on this space or move past it.

1. When you arrive at a corresponding corner of the game board, you receive one of the following rewards:
 - 1) Luriel; +1 coin
 - 2) Camilla; +1 dice roll
 - 3) Miyu; +1 dice roll
 - 4) START: +1 coin
2. If you land on the Aranka space (event space), you randomly receive one of the following 2 effects:
 - 1) Advance by 1/2/3 spaces
 - 2) Retreat 3 spaces

3. If you land on a purple-coloured space, you receive the following items:

- 1) Night Wood; 5x First Class Mana Elixir
- 2) Dragon's Nest; 10x First Class Mana Elixir
- 3) Crow Airship; +1 dice roll
- 4) Sanctum; 10x Strong Vitality Potion
- 5) Third District; 5x Organic Apple
- 6) Frozen Water Temple; 10x Organic Apple
- 7) Garpai; +1 dice roll
- 8) Volcanic Fires Entrance; 10x Recovery Potion

2) Attaining additional die rolls

A. Purchase in the item shop

- If you buy something in the item shop with El Coins during the event, the dice rolls will be topped up by the corresponding purchase amount.
- The number of dice rolls increases by 1 for every 70 El Coins. Amounts over 70 El Coins will be saved added to later amounts.

B. The Frost Hedgehog Cube is used for Eliopoli.

- During the event, players who have been logged in for a total of 10 minutes will receive an item in the mail that they can use to increase the number of dice rolls.
